

## Hemby Cottage

The Hemby Cottage #1 floor plan provides 1,563 square feet of heated/cooled space. The garage is completed on site (like shown in the rendering).

Alternatively, The Hemby Cottage #2 is a floor plan that does not include a garage but instead has a factory built porch on the front of the home. Hemby #2 provides 1,563 square feet of heated/cooled space, with a total of 1,770 square feet under roof.

The square footage and other dimensions on our floor plans are approximate. Renderings are not intended to be an accurate representation of the home and are often shown with optional features and/or third-party additions that can be added at additional cost if available in your region or situation.
